OPINION:

We are of the opinion that the continuation of this parking facility will not create any dangerous or otherwise objectionable traffic conditions, that the present character and future development of the neighborhood will not be adversely affected, and that the lot is reasonably necessary and convenient to other uses in the vicinity. However, the Certificate of Occupancy shall not issue until the conditions hereinafter set forth in this Order are complied with.

This Order shall be subject to the following conditions:

- [a] Permit shall issue for a period of five (5) years, but shall be subject to renewal in the discretion of the Board upon the filing of a new appeal in the manner prescribed by the Zoning Regulations.
- [b] All areas devoted to driveways, access lanes, and parking areas shall be maintained with a paving of material forming an all-weather impervious surface.
- [c] An eight (8) inch coping shall be erected and maintained along each side of all driveways to protect the public space.
- [d] Bumper stops shall be erected and maintained for the protection of all adjoining buildings.
- [e] No vehicle or any part thereof shall be permitted to project over any lot or building line or on or over the public space.
- [f] All parts of the lot shall be kept free of refuse or debris and shall be paved or landscaped. Landscaping shall be maintained in a healthy growing condition and in a neat and orderly appearance.

The Board reserves the right to direct revocation of the occupancy permit upon a proper showing that any terms or conditions of this Order have been violated.
